

Bay Path Regional Vocational Technical High School  
**iPad Computer Policy<sup>1</sup>**

Students

- The iPad issued to each student is an educational tool and should only be used in that capacity.
- In order to take an iPad home, parents and students must view the program guidelines online: <http://www.baypath.tec.ma.us/school-resources/technology-department/ap-tablet-incentive-program/>  
And THIS LIABILITY FOR MUST BE SIGNED BY THE PARENT/GUARDIAN BEFORE THE IPAD IS TAKEN HOME.
- Students are responsible for the care of the iPad issued to them whether in or out of school.
- Students are responsible for ensuring that the iPad is charged and ready for school.
- Students are responsible for bringing their assigned iPad to school each day. An iPad left at home will be treated the same as if textbooks or homework were left at home.
- Vandalism or hacking that damages or disables the iPad in any way will mean loss of access to the iPad and an alternative plan will be substituted.

At Home

- To insure safety and supervision responsibilities at home, it is highly recommended that the iPad will be used in a common family location.
- Parents/Guardians will have their child's login password in order to supervise the student's usage at home.

Responsibility

- If the iPad is stolen while signed out, it should be reported to the local police authorities and Bay Path School personnel immediately.
- Replacement cost and/or the repair for damages that are not covered by the warrantee or insurance and that occur to the iPad and its carrying case while it is in the possession of the student is the responsibility of the parent/guardian.
- Students must comply with all technology policies and procedures whether in or out of school when using district devices.

(rev.6.17.15)
