

BAY PATH SPRING CAMP 2025

April 22, 23 & 24, 2025
Tuesday,
Wednesday & Thursday
3-day
Hands-on
Exploratory Camp
for
6th & 7th Graders
from our sending towns

VETERINARY/ANIMAL SCIENCE HEALTH

Experience the world of animals using models and props and their professions like never before! Learn about dental health in pets, how to trim a dog's nails and pigs giving birth to piglets with our state-of-the-art model system, basic emergency care and bandaging, animal habitats, conservation, and so much more. Meet Vet Science students who will support your experience **Safety Requirement: Close-toed shoes**

BUILDING & PROPERTY MAINTENANCE

New this year! Get your hands dirty with cool projects in building, fixing, and maintenance. Use real tools, work as a team, and create something awesome!

COSMETOLOGY

Experience a week-long journey into the world of cosmetology! Learn braiding, thermal curling, tinsel and more in haircare, along with skincare, makeup design, and nail art techniques. Spaces are limited, so secure your spot today!
Safety Requirement: close-toed shoes & a smile

CULINARY ARTS -BAKING

Dive into the world of baking and whip up some delicious treats. You'll learn all sorts of cool techniques to make yummy goodies that you can take home and share with your family and friends. Every day, we'll also get to enjoy tasty dishes prepared by our cooking class for lunch, along with a special dessert that we'll provide. Plus, we'll give you the recipes so you can make these treats again at home! **Safety Requirement: close-toed shoes, list allergies when registering.**

CULINARY ARTS-COOKING

Come experience the art of cooking in this interactive class. Learn how to use a wide variety of equipment and different techniques as we prepare a variety of recipes. Share and savor your creations with the bake class during our daily lunch sessions, where they'll treat us to delectable desserts. Recipes will be provided to take home. This is a hands-on class, aprons will be provided, be prepared to get dirty!
Safety Requirement: close-toed shoes, list allergies when registering.

HEALTH TECHNOLOGY

Get ready for an action-packed adventure in health tech! Dive into blood pressure mastery, lifesaving CPR, and bone-chilling anatomy explorations. Our camp is where you become health-tech heroes. Join us for an unforgettable journey of discovery and excitement. **Safety Requirement: close-toed shoes, loose fitting clothes for bending and reaching.**

PLUMBING

Work like a professional and learn how to measure, and assemble a steel and copper frame project, use innovative PEX plastic pipes, and completely learn the inside and out of "how a toilet works"; all while using plumbing hand tools. Gain real-life experience with tools and take home your project. **Safety Requirement: close-toed shoes & long pants (no shorts) are a must!**

PROGRAMMING & WEB DEVELOPMENT

Dive into the world of programming and web development as you learn to create, debug, and modify games and interactive applications using JavaScript! It's time to unleash your inner coding wizard and make some digital magic! **Safety Requirement: close-toed shoes.**
