

Backpack Policy 2018-19

Bay Path will be continuing to mandate the use of mesh or clear backpacks for its students during the school day in order to continue to create a safe school setting. In years past, Bay Path provided the backpacks for the students. This school year we will **ONLY** be providing the freshmen class with backpacks free of charge unless they choose to go out and get one of their choosing on their own. Replacements will need to be purchased. If your student wishes to use a backpack during the school day, it is their responsibility to acquire one and it must be either mesh or clear plastic to create transparency. See below for websites that have examples of acceptable backpacks. You do not need to get these specific brands, they are just examples to help with the process.
